

# The EDventures of Crypt

## Season 1 Learning Map

*From backyard wonder to environmental awareness*

1

### The Up-Trunk Tree

Curiosity begins close to home

2

### In Space

Human choices reach farther than we think

3

### Under Water

Water connects life everywhere

4

### On Land

Land is habitat

5

### In a Puddle

Small places can hold big ecosystems

6

### In a Soggy-Bog

Wet places are working places

7

### In a Beehive

Tiny workers support huge systems

8

### With Thatching Ants

The ground beneath us is busy

9

### In a Copse

Trees are living systems

10

### O'er the Plains

Every place has a story if we learn to notice

Explore.  
Wonder.  
Care.

*Season 1 follows a learning arc from backyard wonder to deeper environmental awareness through story, inquiry, and responsible noticing.*
